

PRODUCT DATA

Parameter	Value
Input Power	DC 5V/2.1A (USB Type-C)
Charging Currents	1A x 2 / 0.5A x 4 (Auto-adaptive)
Compatible Li-ion Sizes	3.6V/3.7V, 10440, 14500, 14650, 16340, 17500, 17670, 18350, 18500, 18650, 18700, 20700 (unprotected), 21700 (unprotected), 22650, 25500, 26650
Compatible Ni-MH/Ni-Cd Sizes	AAAA, AAA, AA, A, SC, C
Dimensions	100mm x 97mm x 26.5mm
Weight	95g (approx.)
Operating Temperature	0-40°C
Independent Slots	4 independent channels allow mixed charging of Li-ion and Ni-MH batteries.
0V Activation	Capable of reviving over-discharged or 0V batteries.
Safety Protections	Reverse polarity, short-circuit, over-charge, and over-temperature protection.
Charging Status	LED indicators for each channel (Red: Charging, Green: Finished/Standby).
Compatibility	Supports 26650 in outer slots (CH1/CH4) and up to two protected 21700 or unprotected 21700 in slots 2 and 3.
